# COMPANION SYNODS UPDATE

From the South Dakota Synod, ELCA

**God's Work, Our Hands** was the theme of the 2009 South Dakota Synod Assembly. It was reported that the South Dakota Synod was the only synod in the U.S. that gained in membership. Maybe our involvement with our mission program has something to do with this! This is what prompts me to write.

Early in June our Cameroon partners in Christ took an important step in their church policies and voted to have a bishop instead of a president. They also voted to ordain women. The installation service for the bishop will be held the last days of November 2009.

Two delegations from South Dakota are looking for people to go to this celebration in Cameroon. One will be led by our own Bishop Dave Zellmer and the other by Pastor Charlie Bunk, former missionary to Cameroon, from November 18 to December 5. One group will help put a roof on a village church. Each roof costs about \$7,500.

It is my hope that every church in this synod will have a small effort to bless the travelers and honor our companion church with a fundraiser for the roof program in the Evangelical Lutheran Church of Cameroon. About 20 villages are currently waiting for a roof over the walls they have built. Funds from your hands for this special offering should be to the synod office by November 13.

Please contact Cathy Larson, Companion Synods Coordinator ([clarson@sdsynod.org](mailto:clarson@sdsynod.org); 605/274-4011), for more information.

—Herman Fink, Companion Synods Committee Treasurer
